Attention: Mr. Andrew Barrett

Dear Andrew;

Recently our company had the pleasure of celebrating 90 years of business and we hosted an evening of dining and entertainment. We employed your company to cater this momentous occasion.

Andrew, from our first meeting straight right through to the completion of our event, you provided superb services. We originally thought we would host approximately 250 people. When our final numbers came in, there was over 350. You and your staff handled this large amount of guests as if it was an intimate dinner party. The food was absolutely amazing, everything was hot and fresh. We received an abundance of compliments from our attendees.

We would highly recommend your services. You were a pleasure to work with and accommodated our every demand. We will definitely employ you and your staff again.

Thank you for helping to make our evening such a huge success.
